Hi Kami,

Leigh mentioned you might have some questions as you're reviewing the documents for this FOIA. Let me know if/when you'd like to meet to talk about them.

Thanks,

Claudia

Hi Kami and PJ,

Have you had a chance to review the documents for the FOIA named in the title? We would like to release the partial response as soon as possible.

Thanks,

Claudia

Hi Kami,

As we discussed last week, responsive documents for the first Greenpeace FOIA (named in the title) are ready for review. I have saved them on the O:Drive at  
O:\ORD Short Term (30 day) Network Storage\FOIA\_EPA-FOI-2012-001118

Each folder labeled with a last name contains an index of that person's responsive documents. It also contains all of their releasable documents. If there are any non-releasable documents for that person, they will be in a subfolder called non-releasable. I most thoroughly reviewed Jeanne Briskin's documents and consulted on OGC about a couple (noted on the index). I have copies of the email exchanges with OGC if that would be helpful. Releasability determinations for all of the other documents were either made by another office or by the person who submitted them.

Please let me know if any of this is unclear/ if you have any questions. We would like to give Jesse Coleman (the requester) a partial response on behalf of ORD as soon as possible (given that this is nearly a year overdue). Do you have any idea when you will be able to review these? Shall I set up a meeting?

Thanks for your help,

Claudia
